This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stofan, Agazzi & Company, Inc. as of December 31, 2010 and 2009, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements
December 31, 2010

Note 1 - Significant Accounting Policies

Description of Business

Stofan, Agazzi & Company, Inc. is a registered broker dealer. As a securities broker dealer, the Company is engaged in various securities trading and brokerage activities serving a diverse group of individuals. The trading and brokerage activities are provided through the Company's fully-disclosed correspondent relationship with First Clearing Corp.

Accounting Method

The accounts of the Company are maintained on the accrual basis of accounting. Commission revenues are recognized based on the transaction date of customer trades regardless of when cash is received. Bad debts are written off on a case by case basis.

Accounting Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Securities

Marketable securities are valued at their quoted market value determined in an active market. The resulting difference between cost and market value is included in income under the heading Gain (Loss) on firm securities investment accounts.

Non-marketable securities are recorded at their cost, since the investment is restricted stock.

Property and Equipment

Purchases of property and equipment are recorded at their cost. Depreciation of \$6,406 and \$7,957 for the years ended December 31, 2010 and 2009 respectively, has been computed using straight line and accelerated rates and is depreciated over lives that range from 3 to 10 years.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity date of three months or less, to be cash equivalents. The Company did not pay any interest during 2010 or 2009. The Company paid income taxes during 2010 and 2009 of \$11,158 and \$18,312 respectively.

Note 2 - Cash Segregated Under Federal Regulations

As of December 31, 2010 and 2009, cash of \$2,858 and \$2,868 respectively has been segregated in a special reserve bank account for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission.

Note 3 - Securities

Marketable

Marketable securities are carried at quoted market values and consist entirely of corporate equities.

Not readily marketable

Securities that are not readily marketable consist of stock that is restricted by contractual requirements, and is not available for sale to the general public. These securities are carried at cost.

Note 4 - Property and Equipment

The following is a summary of property and equipment (at cost) less accumulated depreciation:

	December 31, 2010	December 31, 2009
Furniture and office equipment	\$ 80,147	\$ 79,499
Less: Accumulated depreciation	<u>52,518</u>	<u>55,210</u>
Total	<u>\$ 27,629</u>	<u>\$ 24,289</u>

Note 5 - Income Taxes

The Company's effective income tax rate is higher than would be expected primarily because of expenses that are not deductible for tax purposes.

Temporary differences giving rise to the deferred tax liability consist of tax depreciation in excess of book depreciation, accrued commissions for certain shareholders, and unrealized losses.

The provision for income tax expense (benefit) consists of the following:

	2010	2009
Current State	\$ 2,006	\$ 4,070
Current Federal	3,766	8,411
Deferred State	672	(962)
Deferred Federal	<u>1,402</u>	<u>(1,707)</u>

To the Board of Directors of
Stofan, Agazzi & Company, Inc.

In planning and performing our audit of the financial statements of Stofan, Agazzi & Company, Inc. as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities and including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17(a)-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c-3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that the assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

To the Board of Directors of
Stofan, Agazzi & Company, Inc.
Page Two

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. We did identify a material weakness related to the selection and application of accounting principles. This weakness does not affect our report on these financial statements nor the internal control or control activities for safeguarding securities.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the FINRA, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors
Stofan, Agazzi & Company, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the period from January 1, 2010 to December 31, 2010, which were agreed to by Stofan, Agazzi & Company, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Stofan, Agazzi & Company, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Stofan, Agazzi & Company, Inc.'s management is responsible for the Stofan, Agazzi & Company, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries:

Balance of Prior Year SIPC-7 - Check #17308 for \$2,569.00 written on 2-19-2010
SIPC-6 Balance - Check #17404 for \$955.62 written on 7-27-2010

2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2010 with the amounts reported in Form SIPC-7 for the year ended December 31, 2010 noting only insignificant differences;
3. Compared adjustments reported in Form SIPC-7 with supporting schedules and working papers, transactions identified in specific general ledger accounts and entries on FOCUS reports filed for the quarters ended in 2010, noting no differences; and

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, transactions identified in specific general ledger accounts and entries on FOCUS reports filed for the quarters ended in 2010, supporting the adjustments noting no differences; and

5. Since there was no overpayment carried forward to 2010, we did not compare the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors
Stofan, Agazzi & Company, Inc.
Joliet, Illinois

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the period from January 1, 2010 to December 31, 2010, which were agreed to by Stofan, Agazzi & Company, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Stofan, Agazzi & Company, Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Stofan, Agazzi & Company, Inc.'s management is responsible for the Stofan, Agazzi & Company, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries:

Balance of Prior Year SIPC-7 - Check #17308 for \$2,569.00 written on 2-19-2010
SIPC-6 Balance - Check #17404 for \$955.62 written on 7-27-2010

2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2010 with the amounts reported in Form SIPC-7 for the year ended December 31, 2010 noting only insignificant differences;
3. Compared adjustments reported in Form SIPC-7 with supporting schedules and working papers, transactions identified in specific general ledger accounts and entries on FOCUS reports filed for the quarters ended in 2010, noting no differences; and

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, transactions identified in specific general ledger accounts and entries on FOCUS reports filed for the quarters ended in 2010, supporting the adjustments noting no differences; and

5. Since there was no overpayment carried forward to 2010, we did not compare the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
